Re: Proposed Changes to NAC Chapter 213

Greetings:

The Division of Parole and Probation has initiated the regulatory process to amend Chapter 213 of the Nevada Administrative Code. Proposed changes are as follows:

> A review and update to the regulations of the Division to comply with existing statute and current state of practice in the industry, including the implementation of an evidence-based assessment tool for making sentencing recommendations to the Court; elimination of various outdated or obsolete forms, terminology and job titles; updating the list of negative behaviors to be considered in the assessment process to conform to current statutory requirements and industry practice; updating references to current federal standards related to blood alcohol content; and other matters properly related thereto.

Both State Bar Offices will receive notice of the workshop and hearing as they are scheduled. The Division has been advised that the Nevada State Bar maintains a mailing list of all attorneys in Nevada. It is therefore requested that your organization e-mail this letter to Nevada bar members so that any input, comments and concerns can be obtained and analyzed and addressed as appropriate.

If you need additional information, please contact the undersigned at (775)684-2653. Input can be faxed to myself at (775)684-2697 Attention: Cherie Konvicka, or e-mailed to ckonvicka@dps.state.nv.us. no later than June 30, 2016.

Thank you,

Cherie Konvicka
