

The Cybersleuth's Guide to the Internet

NOW AVAILABLE from the State Bar of Nevada:

The Cybersleuth's Guide to the Internet

By Carole Levitt & Mark Rosch

10th Edition released October, 2009

Maybe you've attended our "Internet for Lawyers" seminars, or maybe you've just seen this book in someone else's office. Learn how to conduct effective investigative and legal research on the web. Written for anyone from beginners to advanced users, with technology tips and tricks. Mine the web for missing people, find phone numbers, locate aliases and addresses, access free public records, and more.
