ADDITIONAL INFORMATION

8. Briefly describe the legal experience and to the extent relevant other business or professional experience of the nominee. (500 word maximum, may include reference to a website for further information.)

Since my admission to the State Bar of Nevada in 1996, I have focused on my practice on corporate law, entity formation, mergers and acquisitions, and securities. During my career, I have represented clients in a wide range of transactions from start-up company formations to fund formations to multi-million dollar securities offerings to multi-billion dollar business combinations. All of these transactions involved Nevada entities formed by business persons who understand the flexibility, features and benefits of Nevada law. In being member of the Business Law Section since my admission and in serving as Chair of the Executive Committee of the Business Law Section since 2002, I have an appreciation for all of the details and nuances of Nevada's business law statutes. As Chair, I am committed to preserving the business-friendly environment that has been developed over the years and to continually improving the benefits of using Nevada entities in all types of business transactions. These efforts culminate in the approval by the State Legislature in each session of amendments to Nevada's business laws that have been prepared by the Executive Committee of the Business Law Section. I look forward to continuing my service on the Executive Committee of the Business Law Section and the development of Nevada's business laws.
